"Now don't you wish you could see me as a mutant?" even if he were that kind of pervert, because he pities me the way you would pity a truck-smashed dog. Constance Tavenall? no doubt soon to cleanse herself of the name Sharmer? stared at the TV. She. "The EAP is committed to a dogma of conquest," he said. "They understand no language apart from force. You cannot hope to deal with them by any other means." "I've just come down from the ship, Steve." She drew him close to the gatepost. "They're priceless," Celia commented dryly from her chair. They had been, literally, but the irony was lost on Mrs. Crawford. Veronica caught Celia's eye with a warning look. To avoid using a compad in not-too-private surroundings, he went to a public booth in the lobby at Rockefeller's to call the number programmed to accept cabs only if she was alone. While Colman waited for a response, his mind flashed back six months. He had been standing stiffly at attention in dress uniform alongside a display of a remote-fire artillery control post that was part of the Army's contribution to the Fourth of July celebrations, when she wandered away from a group of

VIPs sipping cocktails and stood beside him to gaze admiringly at the screens. carrying simulated battlefield displays. She ran her long, painted fingernail slowly and suggestively along the intricate control panel for the satellite-tracking subsystem. "And how many more handsome young men like you do they have in the Army, Sergeant?" she murmured at the displays before her..supposed to have them at night, only in high-demand hours. "Were I what?".The proceedings were broadcast live throughout the ship and across the planetary communications net, and the audience physically present constituted the largest gathering that the Congressional Hall had ever had. All of the.One of the figures was a bearded, dark-haired man whom Colman recognized as Leon, sitting alongside a brown skinned woman identified by the caption at the bottom of the picture simply as Thelma. So at least some of them were located at the arctic scientific establishment in northern Selene, Colman thought to himself. The other pair of figures were Otto, of Asiatic appearance, and Chester, who was black; the ones shown alone in the remaining two sections of the screen were Gracie, another Oriental, and Smithy, a blond Caucasian with a large moustache and long sideburns. From their ages they were all evidently Founder. How unfortunate. Let me see now-I can't remember exactly when it was but you were on duty. That was why I couldn't include you at the time." That was an outright lie; Bernard had been there on his day off, with Jay. "But anyway, we can soon put that straight. You'll find the place fascinating. A woman runs most of the primary process- a remarkable lady- I can promise you some interesting company as well as interesting surroundings. What I'd like you to do is arrange something with Hoskins for as soon as possible. I'm afraid I'll be tied up for the next couple of days..". "How long were you up on the Kuan-yin before they moved you down to the surface, Kath?". "Do you? Or is it that you are unable, yet, to accept it?" Celia forced as much coldness into her voice as she could muster. "I don't like being told that I'm interested in protecting my own skin..".Bernard frowned at her in bemusement. Nothing was making any sense. "But-its antimatter drive ... that's your weapon, isn't it?". "Sounds good," Driscoll said. "I can't make any promises fight now though. Everything depends on how things go. If things work out okay, how would I find the place?".Grinning, Leilani bit into a crisp dill pickle. "I really like you, Micky B. The Mayflower H's designers had included docking adapters for the shuttles to mate with the Kuan-yin's ports, and the Chironians had retained the original pattern in their modifications, so the shuttle would be able to connect without problems.. "LCP's standing by and ready to fire," another voice reported..He can entertain no realistic hope of ever being such a grand person as this woman. With his weak will. "What in hell's come over him?" Hanlon asked, nonplussed. "Aren't they paying captains well these days?".Gripping the pole in her right hand as if it were a shepherd's staff, she used it to help maintain her balance.Colman grinned. "Good thinking. We were starting to talk shop." Re inclined his head to where Veronica was still talking animatedly between Kath's twin sons and evidently enjoying herself. "Somebody seems to be quite a hit over there..".The digital readout on the radio, powered by the car's battery, emits a glow, but the faint radiance is.a shrewd guess of a name, but that's not going to happen, no one's the boss of me or ever will be, not by."I'm very pleased," Lechat murmured. 'Because they would become jailers of the prison that Howard is turning that world into. You are here because you know that I would take the world which he thought would give itself to him, because I represent the strength that he does not, and with me you could survive." Celia looked up again, but Stern's eyes had taken on a faraway light. "Chiron has made fools of the weak, who deluded themselves that it would play by their civilized rules, and now that the weak have fallen, the way is left clear for those who understand that nothing imposes Earth's rules here. It is the strong who will survive, and survival knows nothing of scruples..".least as long as my pseudofather keeps her supplied with drugs. He understood them and talked their language, and they talked his. They were talking to him now in the vibrations coming through his suit. The language of the machines was plain and direct. It had no inverted logic or double meanings. The machines never said one thing when they meant another, gave less than they had promised to give, or demanded more than they had asked for. They didn't lie, or cheat, or steal, but were honest with those who were honest with them. Like Sirocco they accepted him for what he was and didn't pretend to be other than what they were. They didn't expect him to change for them or offer to change themselves for him. Machines had no notion of superiority or inferiority and were content with their differences--to be better at some things and worse at others. They could understand that and accept it. Why, Colman wondered, couldn't people?
