He believed in flesh and bone, stone and mortar, money and power, himself and the future..The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun..In the years since I began to write about Earthsea I've changed, of course, and so have the people who read the books. All times are changing times, but ours is one of massive, rapid moral and mental transformation. Archetypes turn into millstones, large simplicities get complicated, chaos becomes elegant, and what everybody knows is true turns out to be what some people used to think..AFTER SPENDING Wednesday as a tourist, Junior began to look for a suitable apartment on Thursday. In spite of his new wealth, he did not intend to pay hotel-room rates for an extended period..And here, now, into the kitchen through a door with a porthole in the center. Into sizzle and clatter, into clouds of fried-onion fumes and the mouthwatering aromas of chicken fat and shoestring potatoes turning golden in deep wells of boiling

cooking oil. Otter was silent a while. Then he said in a low voice, "Clay, and gravel, and under that the rock that bears garnets. All under this part of the city is that rock. I don't know the names." Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk. His silent tears accomplished what his words could not: Nork, Knacker, and Hisscus retreated, urging him to speak to his attorney, promising to return, once more expressing their deepest condolences, perhaps as abashed as attorneys and political appointees could get, but certainly confused and unsure how to proceed when dealing with a man so untouched by greed, so free of anger, so forgiving as the widower Cain. A nurse in surgical greens appeared. "Pull up the sleeves of your scrub nearly to your elbows. Scrub hard. I'll tell you when to stop." hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism. In a stolen black Dodge Charger 440 Magnum, Junior Cain shot out of Spruce Hills on as straight a trajectory to Eugene as the winding roads of southern Oregon would allow, staying off Interstate 5, where the policing was more aggressive. Later, when the seven of them were gathered at the dinner table, the adults raised glasses of Chardonnay, the children raised tumblers of Pepsi, and Maria gave the toast. "To Bartholomew, the image of his father, who was the kindest man I've ever known. To my Bonita and my Francesca, who brighten every day. To Edom and Jacob, from whom ... from whom I've learned so much that has made me think about the fragility of life and made me realize how precious is every day. And to Agnes, my dearest friend, who has given me, oh, so much, including all these words. God bless us, every one." This was not the time to ponder the nature of the relationship between the treacherous Miss Bressler and Vanadium. Junior had a bloody trail to cover, and precious time was ticking away. A trickster, this detective. Full of taunts and feints and sly stratagems. Psychological-warfare artist. Eventually, he settled on a mental image of a bowling pin as his "seed." This was a smooth, elegantly shaped object that invited languorous contemplation, but it did not tease his libido. He knew that he needed to get a grip on himself. But he could not keep his breathing slow and deep, couldn't remember any of Zedd's other foolproof methods of self-control, couldn't recall a single useful meditative technique. He still had work to do here. Properly disposing of Thomas Vanadium, however, was the most urgent piece of business. She might have attributed his problem to eyestrain from all the reading he'd done during the past few days. She might have put drops in his eyes, told him to leave the books alone for a while, and sent him into the backyard to play. She might have counseled herself not to be one of those alarmist mothers who detected pneumonia in every sniffle, a brain tumor behind every headache. The boy wasn't translucent, as his father's ghost had been on that drizzly January night almost three years ago. The same drowned light of this gray afternoon that revealed the gravestones and the dripping. During the walk home: slow and deep, breathing slow and deep, moving not at a brisk clip, but strolling, trying to let the tension slide away, striving to focus on good things like his full exemption from military service and his purchase of the Sklent painting. The nurse was in was gone, but Maria remained in attendance. She the vinyl-and-stainless-steel armchair, busy at. Teasing out the card, Edom saw that it was an ace of diamonds-remarkable in light of Maria Gonzalezs fortune'-telling session last Friday evening. He was more astonished, however, by the name printed in black ink diagonally across the face of the card: BARTHOLOMEW. Junior hadn't suffered a paranormal experience since the early- morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors. Tom believed that the girl had an intuitive understanding of the true complexity of the world, but she was only three, after all, and neither ready nor able to absorb the scientific theory that supported her intuition. Vanadium nodded. "And I'd like to hear about Cain's reactions in more detail. I've read your reports, of course, and they've been thorough, but necessarily condensed. There'll be lots of subtleties that only reveal themselves in conversation. Often, the apparently insignificant details are the most important to me when I'm devising strategy." Barty had awakened able to read. On the page, lines of type no longer twisted under his gaze. Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician. "Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma-to name a few." Yet Agnes feared him, for reasons similar to those that might cause a superstitious primitive to tremble in the presence of a witch doctor. Although he was a healer, his dark knowledge of the mysteries of cancer seemed to give him godlike power; his judgment carried the force of fate, and his was the voice of destiny. Barty, didn't watch much television. He'd been up late enough to see Red Skelton only a few times, but that comedian always drew gales of laughter from him. Maria's mother, visiting from Mexico, was babysitting, so Maria came without her children, as a guest, joining Agnes and the laugh-a-minute Isaacson twins, chroniclers of destruction. They ate in the dining room, rather than at the kitchen dinette, with a lace-trimmed tablecloth, the good china, crystal wineglasses, and fresh flowers. To the left, a door led to a back staircase, accessible with the special key already in his hand. To the right: a key-operated service elevator for which he'd been provided a separate key. On the morning of November third, Barty asked Maria to inquire of Agnes what she would like to have read to her. "Then when she answers you, just turn and leave the room. I'll take it from there." Jacob had spent most of two days baking Barty's favorite pies, cakes, and cookies, and he'd prepared a meal as well. Maria's girls were at her sister's place this evening, so she stayed for dinner. Edom poured wine for everyone but Barty, root beer for the guest of honor, and while this couldn't be called a celebration, Agnes's spirits were lifted by a sense of normality, of hope, of family. She couldn't explain her anxiety to him, because he believed in the supremacy of laws, in the justice that might be delivered in this life, in a comparatively simple reality, and he would not comprehend the gloriously, frighteningly, reassuringly, strangely, and deeply complex reality Agnes occasionally perceived-usually peripherally, sometimes intellectually, but often with her heart. This was a world in which effect could come before cause, in which what seemed to be coincidence was, in fact, merely the visible part of a far larger pattern that couldn't be seen whole. With the great tree ninety degrees to his left, he was able to locate the back-porch steps at forty-five degrees. He pointed with the cane, which otherwise he had not used. "The porch?" To be useful, anger must be channeled, as Zedd explains with unusually poetic prose in *The Beauty of Rage: Channel Your Anger and Be a Winner* Junior's current predicament would only get worse if he had to telephone Roto-Rooter to extract a musician from the plumbing. During the cleaning, installation of new carpet, and painting that had followed the removal of the diarrheic pig set loose by one of Cain's disgruntled girlfriends, the wife killer had spent a few nights in a hotel. Nolly took advantage of the opportunity to bring his associate James Hunnicott--Jimmy Gadget-onto the premises to provide a customized, undetectable,

exterior window-latch release..A rescuer instructed her to close her eyes and turn her face away from the passenger's door. He shoved a quilted mover's blanket through the window and arranged this protective padding along her right side."You may be eating yourself into an early grave, Vinnie, but poor Jacob has murdered his own soul, and that's infinitely worse." Junior was at critical depth. The psychological pressure was at least five thousand pounds per square inch and growing by the second. Implosion imminent..Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning.."You're heaven-sent," Grace assured Paul at breakfast Saturday morning. "With all your stories, you lifted our hearts when we most needed to be lifted." "Yes. In syrup form. It's a good item for your home medicine chest, in case your child ever swallows poison and you need to purge it from him quickly." She pushed her chair back from the table and got to her feet, and everyone followed her example.."I'm a less philosophical sort than Kathleen," Nolly said, "so what I've been wondering is where you learned the tricks with the quarter. How is it you're priest, cop-and amateur magician?" Incredibly, Renee came after him, slinky and seductive, trying to calm him and lure him back into an embrace..His alcohol-soured breath washed over Agnes as he asked, "How's Bartholomew doing, is he okay, is the little guy in good health?" Perhaps these two months of frustration had brought him to this: hair-trigger nerves, fevered imagination, and anticipation distilled into dread..In his blindness, Barty listened to her reports and, through her, saw more than he could have seen if never he had lost his eyes..Eventually Junior crossed the room to stand before Industrial Woman in all her scrap-metal glory. Her soup-pot breasts reminded him of Frieda's equally abundant bosom, and unfortunately her mouth, open wide in a silent shriek, reminded him of Frieda retching..They wore out a lot of cards and kept a generous supply of all types of decks on hand..Gorging on fudge cake and coffee to guard against a spontaneous lapse into meditative catatonia, Junior manfully admitted that he had been weak, that he had reacted to the unknown with fear and retreat instead of with bold confrontation. Because each of us can trust no one in this world but himself, self-deceit is dangerous. He liked himself better for this frank admission of weakness..In all the many ways things are, across the infinity of worlds and all Creation, Barty believed that no woman existed whose beauty exceeded hers or whose heart was better..Junior could almost feel sorry for this sad, stocky, haunted detective, deranged by years of difficult public service..This time, even San Francisco, under a Chinese-blue sky stippled with a cloisonne of silver-and-gold clouds, couldn't provide solace or calm Celestina's nerves. Her sister's dilemma wasn't as easily put out of mind as any problem of her own might have been-and she herself had never been in such an awful situation as Phimie was now.."Please take the cards from the pack and put them on the coffee table in front of you," Obadiah directed..proud," she said, smiling as she quoted one of their father's most familiar sermons, "nor powerful". Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?". With a smudge of flour on one cheek, wiping her hands on a red-and-white checkered dishtowel, Agnes answered the door, saw the car in the driveway, and said, "Paul! You're not walking?". The previous April, the lads from Liverpool had claimed all five of the top five. Real Americans, like the Beach Boys and the Four Seasons, were forced to settle for lower numbers. It made you wonder who had really won the Revolutionary War..Junior Cain felt as if his heart had been lanced by a needle so thin that the muscle still contracted rhythmically but painfully around it. She did? She. . . she wrote that?". Assuming this criticism was amusing hyperbole, Junior laughed, but Sklent squinted those virtually colorless eyes, and Junior's laugh withered in his throat. "Well, maybe that's how it'll work out," he said, wanting to be on Sklent's good side, but he was at once sorry he'd spoken those words in front of witnesses..Kathleen expected this would prove to be true. She herself was not frightened by Thomas Vanadium's appearance; but then she had been prepared for it before she first saw him. And she wasn't a murderer, fearful of retribution, to whom this particular face would seem like Judgment personified..Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale..All right, yes, it had tiny hands and tiny feet, rather than hooked talons and cloven..On the short return trip to the ophthalmologist, Agnes crazily considered driving past Chan's office building, cruising onward--ever onward-into the sparkling December night, not just back to Bright Beach, where the bad news would simply come by phone, but to places so far away that the diagnosis could never catch up to them, where the disease would remain unnamed and therefore would have no power over Barty..Against the sight of Franklin Chan's pity, which implied the hopelessness of Barty's condition, Agnes closed her eyes. But she opened them at once, because this chosen darkness reminded her that unwanted darkness might be Barty's fate.."It's there even when you read to me now. The sad feeling, I mean. It changes the story, makes it not as good, because I can't pretend I don't hear how sad you are." A fine carpenter can wield a hammer with an economy of movement and accuracy as elegant as the motions of a symphony conductor with a baton. A cop directing traffic can make a rough ballet out of the work. However, of all the humble tasks that men and women can transform into visual poetry by the application of athletic agility and grace, clambering into a Dumpster holds the least promise of beautification.."Bartholomew, huh?" asked Wally as he piloted them through banks of earthbound clouds..How ironic it would be if Celestina, the aunt of Seraphim's bastard boy, proved to be the heart mate for whom Junior had been longing through the past few years of unsatisfying relationships and casual sex. This seemed unlikely, considering the jejune quality of her paintings, but perhaps he could help her to grow and to evolve as an artist. He was an open-minded man, without prejudices, so anything could happen after the child was found and killed..In the gallery windows, eight of the nine sculptures were so disturbing that many passersby, catching sight of them, blanched and looked away and hurried on. Not everyone can be a connoisseur..Jolene started to refill his coffee mug-then thought better of it. "Maybe you don't need more caffeine, Edom." Agnes supposed Jacob trembled in anticipation of the crash of an airliner or at least a light aircraft. Edom might be calculating the odds that this serene place-at this specific hour-would be the impact point for one of those planet-killing asteroids that reputedly wiped most life off the earth every few hundred thousand years or so.."I'm gonna dream about baby chickens," she told Celestina, "and if I'm all yellow, they'll think I'm one of them." "If you don't, your feeling

gland isn't working. Want me to read you to sleep?" Barty grinned mischievously. "One of the places we visited today. Some big kids. They saw this scary movie, said they had to wash their shorts after." Otter said nothing. Barty looked at Angel, and Angel looked at Barty, and they dropped to their knees on the grass before their daughter. They were both grinning ... and then their grins stiffened a little. He produced her coat as if by legerdemain. Magically, she found her arms in the sleeves and the collar around her neck, though given her size lately, putting on anything other than a hat usually required strategy and persistence. Currently, the rental market was extremely tight. The first day of his search resulted only in the discovery that he was going to have to pay more than he expected even for modest quarters. This surprised him. Of course, Oregon was not the Deep South. It was a progressive state. Nevertheless, he was surprised. Oregon wasn't home to many Negroes, either, a handful compared to those in other states, and yet until now Junior supposed that they had their own cemeteries. Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back." "The Finder" takes place about three hundred years before the time of the novels, in a dark and troubled time; its story casts light on how some of the customs and institutions of the Archipelago came to be. "The Bones of the Earth" is about the wizards who taught the wizard who first taught Ged, and shows that it takes more than one mage to stop an earthquake. "Darkrose and Diamond" might take place at any time during the last couple of hundred years in Earthsea; after all, a love story can happen at any time, anywhere. "On the High Marsh" is a story from the brief but eventful six years that Ged was Archmage of Earthsea. And the last story, "Dragonfly," which takes place a few years after the end of Tehanu, is the bridge between that book and the next one, The Other Wind (to be published soon). A dragon bridge. Hound had taken him, had stood and seen his people beaten senseless, had not stopped the beating. Yet he spoke as a friend. Why? said Otter's look. Hound answered it. Friday morning, Junior resigned his position as a physical therapist at the rehabilitation hospital. He expected to be able to live well off interest and dividends for the rest of his life, because his tastes were modest. "No," Otter said, and hesitated. He felt he owed this man an explanation. "See, it's not so much won't as can't. I thought of making plugs in the planking of that galley, near the keel-you know what I mean by plugs? They'd work out as the timbers work when she gets in a heavy sea." Hound nodded. "But I couldn't do it. I'm a shipbuilder. I can't build a ship to sink. With the men aboard her. My hands wouldn't do it. So I did what I could. I made her go her own way. Not his way." In the faraway, at the limits of night and fog, the dog bit off his bark in expectation. If Junior was not discreet, and if gossip about the widower Cain and the sexy nurse began to circulate, Vanadium would be on the case again even if it had been closed. The cop was sick, hateful, driven by unknowable inner demons. Although he might for the moment have been reined in by those in higher office, mere gossip of a spicy nature would be excuse enough for him to open the file again, which he'd surely do without informing his superiors. Ministering to Perri, Joshua had pulled back her blankets. The fabric of the pale yellow pajama pants couldn't disguise how terribly withered her legs were: two sticks. She asked Edom to stay in the main house, so Barty wouldn't be alone while she visited Maria Gonzalez for an hour or two. He was pleased to oblige, settling down to watch a television documentary about volcanoes, which promised to include stories about the 1902 eruption of Mont Pelee, on Martinique, which killed 28,000 people within minutes, and other disasters of colossal proportions. One of the paramedics knelt beside the body, checking Naomi for a pulse, although in these circumstances, his action was such a formality that it was almost harebrained. Ford dealership, which he'd closed for business until three o'clock: lamentations, lunch, and moving reminiscences of the deceased shared among the shiny new Thunderbirds, Galaxies, and Mustangs. That venue would provide Junior with the witnesses he required for his reluctant, tearful, and perhaps even angry concession to the Hackachaks' insistent materialism. When she turned to him again, he had already slipped into his jacket and snatched the car keys off the foyer table. He put his left hand under her right arm, as though Agnes were feeble and in need of sup-. He said this as though confident Agnes would understand what he meant, with a smile and with a glint in his eyes that almost became a wink, as if they were members of a secret society in which these three repeated words were code, embodying a complex meaning other than what was apparent to the uninitiated. "Don't worry, love. I'll make sure the snap's are constructed so you can get it off me easily enough." Confused, Panglo held out his right hand, but Jacob said, "Sorry, no offense, but I don't shake with anyone." "It's a boy," Joey assured her, as though he had been given a vision. Thick blood sluiced across his lower lip, down his chin, bright arterial blood. "Baby, no," she pleaded.
